### I GIVE MY CONSENT

---

I confirm that I am knowingly and willingly arranging a session with J. Moor involving traditional corporal punishment, disciplinary spanking, and/or consensual role-play of an adult and potentially erotic nature, with full understanding and informed consent.

I acknowledge that I have chosen to receive spanking that may be administered directly to my bare buttocks.

It is I who initiated contact with J. Moor, a male disciplinarian, for the purpose of arranging a session that may include traditional disciplinary spanking, role-play scenarios, and — if mutually agreed upon in advance — adult spanking activities that could involve physical stimulation of erogenous areas, such as the breasts or genitals.

I understand that, at my own discretion, I may be partially or fully undressed during the session.

In cases where I request a non-sexual disciplinary experience, I will have communicated all personal limits, boundaries, and comfort levels with J. Moor ahead of the session, ensuring mutual understanding prior to any in-person meeting or the delivery of corporal punishment.

I am fully aware of and comfortable with the nature of this arrangement, and I grant J. Moor my clear and voluntary permission to proceed with spanking activities that fall within the scope of my chosen preferences.

I also acknowledge that J. Moor is not a professional disciplinarian, and that this is a non-commercial interaction — no financial exchange is involved.

Finally, I confirm that I have personally arranged for J. Moor to meet me at a location of my choice, whether it be my private residence, hotel room, or other suitable space, for the sole purpose of administering consensual corporal punishment and discipline. All activity will take place within the personal limits, comfort zones, and boundaries I have communicated, and with my full, informed, and voluntary consent.

#### Health Acknowledgement

I confirm that I have shared all relevant details about my medical history, including any conditions that could pose a risk during corporal punishment or spanking activities, with J. Moor prior to participating in any such session.

I affirm that I am in good physical health and capable of receiving consensual corporal punishment or spanking discipline. I understand and accept that any activity will be conducted within the personal boundaries, limits, comfort level, and pain tolerance I have clearly communicated.

To the best of my knowledge, there are no health concerns, including but not limited to cardiovascular issues such as high blood pressure, that would make participation unsafe or inadvisable.

With full understanding and of my own volition, I give J. Moor my consent to proceed with disciplinary spanking within the boundaries I have set.

#### Age Confirmation

I truthfully affirm that I meet the legal age requirement to participate in consensual adult activities of this nature and that there is no legal barrier preventing me from engaging in such sessions.

I confirm that I am an adult female aged 18 years or older.
